### **Report of Role Play on Anti Malaria Month 2025 in Collaboration with IAPSM- KSC and NSS Unit, BLDE (DU)**

Date: 21st June 2025

Venue: Hamal Colony, Vijayapura

A role play activity aimed at creating awareness about the prevention and control of vector-borne diseases (VBDs) was conducted on 21st June 2025 at Hamal Colony, Vijayapura. The event was organized by the National Service Scheme (NSS) in collaboration with the Department of Community Medicine, BLDE (Deemed to be University) Shri B. M. Patil Medical College, Vijayapura.

Around 30 NSS volunteers actively participated in the event. Through engaging and informative role play performances in the local language, the volunteers educated community members about various vector-borne diseases such as dengue, malaria, chikungunya, and filariasis.

The role plays focused on modes of transmission, common symptoms, treatment-seeking behavior, and—most importantly—preventive measures such as eliminating mosquito breeding sites, using bed nets, and maintaining hygiene. The interactive nature of the role play helped in capturing the attention of the local audience and delivering key health messages in an accessible and relatable manner.

The event was well received by the residents of Hamal Colony and contributed to enhancing their understanding of disease prevention through behavior change and community participation.

Photos have been attached.
